*CoDanceCo, founded in 1983 by Producing Director Nancy Duncan, is a non-profit organization dedicated to fostering the art of dance through three strands of activity: creative and professional development opportunities for dance artists, teachers, and students; residency dance programs for public schools that are integrated into school curricula; and performances that reflect the diverse spectrum of styles present in today's dance industry.*

CoDanceCo accomplishes its mission through four programs:

- **DansLab**, a creative/choreographic residency with master dance artists;
- **Dancing Classrooms**, American Ballroom Theater's model educational residency for public schools;
- **Day of Dance**, a full-day of classes and special workshops taught by nationally recognized master dance artists;
- **DansTrax**, community-based performance projects.

Please visit CoDanceCo's website at [www.codanceco.org](http://www.codanceco.org) and share your thoughts with us about our programs, join our mailing list, or contribute to one of our programs.
